Busy Year for Firemen

NEITHER THE Republican National Convention nor the Beatles fazed the Daly City Fire Department during a busy fiscal year ending June 30, the department proudly noted in its annual report, released last week.

Probably the highlight of the year, according to the report, was the role the department played in providing fire protection at the Cow Palace during the Republican National Convention in July of last year.

A total of 369 man hours were spent in providing fire protection during the convention session, the report noted.

Only one fire occurred during the convention. Flames flared up briefly under a pedestrian ramp. Damage was relatively negligible but the department got nationwide television coverage in putting it out.

WHILE THE BEATLES' stay at the Cow Palace in August of 1964 was much shorter, fire protection for their widely publicized performance was no less inclusive.

The department's report revealed that the firefighters' work on nearly all fronts has increased over previous years.

Three deaths attributed to fires and the death of Chief Elmer Kennedy marred the year.

Chief Kennedy, a fireman for more than of 1965 and was succeeded by Herbert Ritzmann.

Kennedy, 59 at the time of his death, was well known in Daly City and had gained the reputation of being one of the city's most respected civic leaders.

The three fire victims were:

Sharon Rasmussen, 5, of 51 Frankfort Street, who was burned to death in a playhouse fire near the Missin Drive-in Theater on August 10, 1964; Robert Hall of 165 Glenwood Avenue, who was overcome by smoke and died in a fire in his home Nov. 13, 1964, and Albert Gannon of 672 Orange Street, who lost his life on Jan.8, 1965, in a house fire.

DURING THE YEAR, the department answered a total of 2,159 alarms, an increase of 170 over the previous year. Fire damage losses increased $111,137 over 1963-64 to a total of $208,967, an increase of nearly 110 per cent.

Chief Ritzmann noted:

"We had a rash of costly residential fires during the winter months. Most of them were caused by gasoline which had been left in garages." And he added:

"A bunch of these fires can mount up, especially when they occur in new residential areas. These took place in the Westlake district, generally in new homes, and the damage usually wound up in the $15,000 to $20,000 category.'

IN OTHER areas of endeavor, the fire department was involved in fire prevention and training (a group of firemen attended the College of San Mateo to take a series of fire prevention courses.

The total budget of the department was $535,920 in the past year. The per capita cost for fire protection based on a population of 60,500 was $8.86 for the fiscal year.

BRYANT SPEAKS

D.C. Council Hit by C.I.T.Y. On Problems

By JOHN HORGAN

Daly City's human relations organization, Community Interaction Through You (CITY), had its say Monday night for the first time in front of the city council.

The Rev. Howard Bryant, Negro leader and president of CITY, cited the need for communication between city government and the various minority groups within the city and reiterated his request for the establishment of a human relations committee.

"Our group is asking for the council to consider the establishment of a human relations committee," said the reverend.

"We are worried about what the problems are growing to be," he continued.

Bryant contended that the council had had time to work on the problem, but that nothing concrete had been accomplished.

"We feel that a study of the problem is fine (a committee is now making an appraisal of the situation in the city and it will be released in mid-November), but we feel that there have been enough rumors already. We are concerned about the trends in the city."

Bryant, who had written a letter to the city council ten days ago in which he had stated that, "...a tragic event could have occurred in Daly City affecting the lives of many people," was criticized by councilman Albert Polonsky.

"Reverend Bryant," said Polonsky, "I think that this is a slam. The mayor has indeed met with you (on August 31, 1965). Further, the council is open to any citizen. I hate to think that I personally failed to listen to any problems, but this is the first time that the matter has been brought to the attention of the council."

Mayor Frank Pacelli promised that research was currently being conducted on the problem.

If a human rights commission was set up as CITY desires, that commission would have to take its grievances before the council anyway, the mayor explained.

"Really, neither side is free from blame in this matter," commented Pacelli on the subject of the lack of communication between the groups.

One of the last problems brought out by Bryant and other members of the audience was that of housing in Daly City.

A number of citizens charged that there is discrimination in housing.

Paul Hupf, city attorney, offered the aid of his office, stating:

"If you people submit evidence of illegal real estate deal-

50 Cars Pile Up in Foggy D.C. Accident

At least 50 cars were damaged yesterday in a series of crashes in dense fog on Skyline Boulevard in the Daly City-Pacifica area.

There were so many accidents, officers of the California Highway Patrol said, that it was impossible to make reports on all of them.

At least five persons were hurt.

Three drivers were injured in one seven-car crash. They were Rosemarie W. Koehler, 39, of 120 Beachview Avenue, Pacifica, William K. Hilberg, 50, of 652 Parkview Circle, Pacifica, and Mary E. Folberg, 25, of Berkeley.

Hurt in a two-car collision were Willard N. Brown, 22, of San Francisco, and Laura Louise Reed, 22, of San Anselmo.

JESD Board Sets Monthly Allotment

By LOUANNE HEATH

Jefferson Elementary School District Board of Trustees Monday night established a $6.06 monthly limit on the amount of funds the district will provide per employee for health insurance.

In an evening enlivened by controversy over the health plan, taxes and teacher representation, the board approved, 3-2, a measure which would allow the district superintendent to offer employes a choice on health insurance.

The option that will be put to employes at a general meeting of all teachers will be to continue with present health coverage, or switch to a plan under which the district would contribute a maximum of $6.06 per month for each employee. The board ruling instructs the superintendent to call the meeting.

Michael Pennings, president of the Jefferson Classroom Teachers Association, had asked the board to consider a monthly contribution of $8.45.

S.S.F. Slates Meeting for Westborough

A "summit conference" was ordered last night by the South San Francisco City Council to straighten out a disagreement on variances sought in Westborough.

The planning commission had recommended denial of the variances sought by Peninsula Master Builders to allow changes in the size of front, back and side yards for a number of new homes to be built in the subdivision.

Councilmen last night continued the matter to a meeting between the council, the planning commission and the builders.

In other business, the council:

Awarded a contract for dredging of Colma Creek and tributaries to M and K Corporation and a contract for street improvement to Lowrie Paving Co., Inc.

Gave first reading to an ordinance regulating the collection and disposal of garbage, rubbish, waste matter and refuse.

Announced its intention of amending zoning rules to require doors on garages in all new construction.

Approved with conditions, a Poletti Realty proposal to raise an existing sign to 50 feet from 35 feet.

John Birchers Will Use High School

The meeting of the John Birch Society at the Terra Nova High School auditorium on October 29 will be held at the designated place and time despite much questioning to the contrary.

In a recent telephone interview, Richard Cotrell, administrative assistant of the Jefferson Union High School District, described the district's policy on use of school facilities for meetings and forums.

"The philosophy of the board," stated Cotrell, "is that school facilities are the property of the people of this district. Any organization that follows the rules and regulations can meet here."

The schools in this district, he stated, have to function as civic centers since no other suitable facilities are available.

He made it clear that the district has nothing to do with sponsorship of the John Birch Society. "We do have a policy on groups using our schools, however," he said.

Organizations which reflect on color, race, or creed, whose meeting would result in a breach of peace, whose doctrine is subversive or would advocate the violent overthrow of the government, would be banned.

The education code requires that any group using public facilities sign a loyalty oath according to Cotrell.

NO, IT'S NOT Operation Mohole, but it's the next best thing. The above photos show the massive drilling operation at the new Daly City Civic Center site. The Raymond Concrete Pile Division of Raymond International Inc. is doing the drill work which is scheduled for completion by next Thursday. The drill rig (top photo) is 96 feet tall and contains both the drilling and pile driver apparatus. According to officials from Raymond, the drill exerts 19,500 foot pounds on impact and can, at peak effort, handle 100 blows per minute. Piles must be driven to a depth of 25 feet because of soil conditions at the site. Nine men operate the rig.

Continue Hearing Against Lynch

Public hearing of charges against Alfred R. Lynch, ousted Pacifica school teacher, has been postponed by the County Board of Education until November 3.

County Supt. of Schools James R. Tormey said the hearing, which was to have been held tomorrow night, was continued at the request of Lynch's attorney, Clarence Knight.

Lynch, whose crusades against smut and defense of religious observances in public schools have made headlines for many years, was fired last April from his teaching job at Vallemar School in the Laguna Salada School District. District trustees, who brought the charges against Lynch, accused the teacher of prolonged unauthorized absences from his classroom. Knight said his client suffers from "functional angina pectoris," a psychological ailment that afflicts him during periods of stress. The symptoms of the ailment are as real as a genuine heart attack, the lawyer said.

The trustees have filed suit in Superior Court to revoke Lynch's certificate to teach in the Laguna Salada District. The action before the county board is aimed at making it impossible for him to teach anywhere in the county.

Football Game Is Puzzler

This week's Post-Times Football contest found players taking a drubbing.

The best any entrant could do in guessing the outcome of football games was 11 correct out of 15. For topping the week's grid handicappers, Jack Fox of Belmont, a sales manager, will receive a pair of tickets to the California-Stanford Big Game.

Since there was no cash winner, this week's cash prize advances to $100, plus $50 bonus for being a home-delivered subscriber to The Times. Official entry blank may be found on Page 8.

ings my office will be happy to see it."

Bryant promised that his group would take its problems to the council in spite of what was termed a "fear of coming to the council."

In other business conducted by the council Monday night:

Guy F. Atkinson Company was allowed to substitute Fentron Industries (the low bidder) for Architectural Specialties (which bid $8,000 over Fentron but got the job by mistake) for work on the new Daly City city hall windows.

Received congratulations for ranking third in the California Cities Employe Safety Contest; Daly City came in behind Barstow and La Mesa.

Re-zoned the Ladies Home Club tract at 23 Werner Avenue between School Street and Vale Street from R-1 (single unit dwelling) to R-3 (multiple unit dwelling).

Voted to advertise for bids on the new Serramonte reservoir.

Agreed to let Lowrie Construction handle work on the new road connection to the southside of the freeway at South Mayfair Avenue. The work will start "immediately to avoid the Christmas rush" according to city engineer Art Reschke.

Allotment Is Set by JESD

(Continued From Page 1)

Pennings said 133 teachers had elected to select their own type of coverage, and proposed that the district continue to pay 100 per cent of the cost.

The teacher spokesman also indicated that the board's action in ruling on the $6.06 limit and the general teacher meeting might prove illegal. He contended that the Winton Act requires the board to deal only with representatives of authorized teachers' groups. The proposed meeting which the district would call would bypass the JCTA, Pennings declared.

In other business the board heard an impassioned complaint against the district's increased tax by Julius F. Castelan, treasurer of the Daly City Senior Citizens.

In his presentation Castelan cited figures indicating that while the total population of the area had continued to increase, the number of children enrolled in the district's schools was leveling off. The continually increasing taxes work a hardship upon the area's 6,500 senior citizens, he said.

District Supt. Frank Greenwood, reported that while it is impossible to promise a tax cut, it may be possible to provide some relief for the local tax payer next year.

Other matters dealt with by the trustees included approval to hire 10 resource and remedial teachers; approval of a plan to plant erosion - controlling plants on the slope of Vista Mar School and to install a walkway and entrance to the Garden Village School from the Park Plaza Drive extension.

The district also gave Supt. Greenwood authorization to begin obtaining figures on costs for a new junior high school plant.

Delay Coast Development For Monday

Plans for the new 12-acre Circa del Mar development of commercial recreational facilities along the ocean front, apartments just south of the Pacific Manor southern boundary and a commercial area along Palmetto Avenue were put over until their next meeting by Pacifica planning commissioners last night.

The developer, Mrs. Marguerite Washington, who had asked for both rezoning of the property and approval for a general development plan on the property formerly occupied by auto wrecking yards, requested additional time before plans came up before the commission.

Continued until next Monday was a proposed zoning ordinance already under study for more than two years. Commissioners delayed the proposed law to study proposals from two building contractors groups that restrictions on required parking, the percentage of lots that can be used and front setbacks of homes be lowered.

An application of the Chapel by the Sea mortuary for an addition to its building was approved. Also approved was a use permit for a Gulf Oil Company service station on the north side of Crespi Drive at Roberts Road.

A study meeting on a general development plan for the city was scheduled for November 8.

THEFTS REPORTED

Terry Ross of 35 Poncetta Avenue, Daly City, reported to police last week that someone had replaced a $10 bill with a $1 bill and had taken a piece of cake.

VALUABLES TAKEN

Leon Steinman of 321 Palomar Drive in Daly City was the victim of a theft Friday night when, police reported, valuables were taken from his home.

PBR Seeks Compliance With Ruling

Sponsored groups that do not have a constitution or by-laws were requested to abide by a new Park, Beach, and Recreation Department ruling at a PBR meeting.

A letter will be sent to all groups sponsored by the PBR with a suggested by-law outline to enable them to set up their own regulations for approvals by the commission.

In other business, Walter Griffiths reported on activities of his cultural advisory committee to promote programs for the new Culture Room in the Sharp Park library.

The Culture Room is under the jurisdiction of the department, The committee represents about 15 community groups.

D.C. Man Is Reunited With Father

A 62-year-old California man, who came to Missouri last week in the hope he could locate relatives, was reunited with his 91-year-old father. James Russell Powell, 114 Irvington, Daly City, was five months' old when his mother, the former Adeline Brown of Callaway County, took him to California.

He never heard his mother, who died a number of years ago, mention his father.

Thursday, Powell and his wife walked a mile and a half over a muddy trail to reach a log house in which his father, James Francis Powell, has lived his entire life. The house is 10 miles north of Jefferson City.

They were guided to the log house by two cousins of the Californian, Mrs. Grace McKissick and Lloyd Powell of Fulton.

James Powell's wife said, "We had no idea who Kim's relatives were, other than an elderly aunt when we left California."

"It was quite an experience," Mrs. James Powell said. "There is no road to the house and we had to walk through ankle deep mud to get there. My husband is disabled but he was determined to find his father, and we finally made it."

Edward Morgan Will Lead Daly City Chamber in '66

Edward Morgan, superintendent of the Jefferson Union High School District, has been named president of the Daly City-Colma Chamber of Commerce for the 1965-66 year.

He will succeed David Friedenberg, local attorney.

Morgan was elected at the Chamber's Thursday board meeting, along with four other officers and a slate of five directors.

Also elected were: John Wuerthner, savings and loan executive, first vice president; Don Monson, insurance agent, second vice president; Charles Maroosis, jewelry store owner, secretary, and William J. Sweeney Jr., treasurer (re-elected).

Newly elected directors included: Bernard Lycett, real estat agent; Vincent Murphy, Daly City postmaster; Ben Peralta, insurance salesman; Sweeney and Monson.

The new slate of officers will be installed at a dinner November 6 at the Olympic Club.

Friedenberg, presiding over his last official board of directors meeting, told the group that the Chamber would soon face a decision on how to meet the city's tremendous growth. He said the time may be approaching when the Chamber will have to hire a full-time manager and extra clerical help.

EDWARD MORGAN
Heads Chamber

He also indicated that new, permanent Chamber headquarters would be necessary soon, and suggested as possible locations the Daly City War Memorial Building and the new civic center.

Laguna Salada Will Get Share of School Money

As will most other school districts in California, the Laguna Salada School District will benefit from the state's new Education Act.

The legislation, called the Elementary-Secondary Education Act of 1965, will provide funds through the state department of education for a wide variety of education purposes and projects.

Schools having children of families with an annual income of less than $2,000 or families receiving federal welfare of more than $2,000 per year, will be eligible for funds.

H. Gerard Rowe, director of Educational Services for San Mateo County, said that $1,177,947.54 has been allocated to this county for Title I of the Education Act.

This includes (for deprived children): in-service training for teachers, on-the-job training for students, programs for early identification of drop-outs, supplemental health and food service.

Altogether, 31 topics are provided by this financial assistance.

Rowe said that the money was allocated on the basis of the 1960 census and welfare figures. He said that this presented a problem because so many families have moved since the 1960 census, and it was necessary to make sure that the funds be put into the hands of the right school district.

City-Wide Blood Drive Set for D.C.

A city-wide blood donor drive which may encompass virtually every service club and business group in Daly City has been scheduled for November 19.

The one-day campaign is being co-ordinated by the Daly City-Colma Chamber of Commerce, under the chairmanship of Charles Maroosis.

The Peninsula Memorial Blood Bank will have its mobile unit on hand at the Westlake School from 2 to 7 p.m. for Daly City's "B" Day effort.

Individuals or groups seeking further information about participation in the drive have been asked to contact Maroosis at WY 2-5535.

By LE PACINI

WE ARE not even going to brag about how we not only predicted how the dullest World Series in years would go game for game, but also pitcher for pitcher (including calling Koufax to pitch out of turn in the seventh game), because we didn't bet a penny on the thing, and anybody stupid enough to bet on his own 10,000-1-shot shouldn't brag.

The world, however, learned a valuable lesson from the series which should have been self-evident all season. Score on the Dodgers first and they can't so easily afford to play their daring brand of baseball. The Twins just didn't score first often enough.

And we finally devised a way to stop Wills, theoretically, that is. Maury's secret is not his speed or his ability as much as it is that he gets on people's nerves. So the best way to squelch people who psych you out, as the players say, is to ignore them. Treat them as average guys. You can't get psyched if you're not looking. Wills might steal one base, but won't take third on a nervous overthrow, and etc. Get it?

★ ★ ★

WE ALSO worked out a Giant-Dodger trade. Koufax has this terribly aching arm which allows him to throw more innings (336) and strike out more batters (382) than he ever had in a career. And considering that strikeout pitchers throw even more pitches than the normal guy, that's quite a feat with a sore arm, right?

San Francisco has this beautiful opera house which has small, stinky dressing rooms, and a Golden Gate bridge which isn't gold, right?

And L.A. needs class, right?

So you can now figure out the obvious. And we'll even throw in Jeremy Ets-Hokin.

★ ★ ★

WE WERE watching an old "Twilight Zone" on television the other day (so old the Giants were still in New York) concerning a big left-handed pitcher who can't lose because he is in reality a robot. Whenever somebody starts getting wise to him, his crazy old scientist programs him to give up a hit or two to make him look human.

Probably no other earthling but your author has ever realized the significance of that program.

The robot, you see, was the working prototype of the Koufax.

We've always thought Walt Alston looked like a crazy old scientist.

★ ★ ★

SPEAKING OF strikeouts, has there ever been a greater year for them in either league as there was for the NL?

After Koufax came Veale (276), Gibson (270), Bunning (268) Maloney (243), Short (237), Marichal (240), and Drysdale and Cloninger (210).

And imagine Cleveland's Sam McDowell striking out 325 and not leading the majors in that department!

As post-season statistics begin rolling out this winter, beware of the distortions. For instance, someone's almost bound to bring up the fact that the AL had only three .300 hitters, and that a .283 hitter made the top ten. What the stats won't tell you is that NL fields are, generally, much harder than those in the "other" league, and that hits bounce through hard infields much more readily than through softies.

Watch especially defensive stats. We all know that fielding percentages mean little, because a shortstop, say, can compile a great average merely by standing in one spot and accepting only easy chances. But watch also for stats like outfielder assists. An outfielder with many assists may not necessarily have a great arm. It may be that so many people are running on him tht he simply has more opportunities to satisfy the law of averages. By the same token, an outfielder with few assists may not have them because his arm's so good nobody will take a chance on it.

★ ★ ★

TEAMS WITH a lot of doubleplays may not necessarily have a hot keystone duo. It may be that their pitchers are all low ball pitchers. A good keystone comrbination may not have many DP's because their hurlers throw the gopher ball, or because the pitchers are so good, nobody ever gets on base.

Also, when you hear or read about Orlando Cepeda trades, keep the following factors in mind: (1) who wants to take a chance of giving up a super-star or potential super-star (and that's what it should take to get Cepeda, because he's one himself) for a man with a questionable knee; (2) how often do players of Cepeda's aliber, and with his salary burden, get traded; (3) the field is limited, since no top NL clubs will deal with the Giants, and there aren't that many good left-handed pitchers, which is what the Giants need, in the AL; (4) Cepeda's never had a bad year, McCovey's never had two good ones in a row; (5) we figure (you'll have to rely on our stats, since space doesn't permit a numerical breakdown) Cepeda meant two to three runs a week to the Giants in '65, and considering the amount of one-run games they were in, that could have meant the pennant.

Who would WE trade Cepeda for? Sam Mc Dowell of the Indians, naturally.

LOCAL TAG ENDS: Don't forget the eighth annual San Francisco State College-Joe Verducci Youth Groups Day to be held in conjunction with the Humboldt State game Saturday at the Gators' Cox Stadium. One of the extra highlights of the day will be the Peace Corps program, whose physical education phase at S.F. State was implemented and developed by Coach Joe. We once talked to a state Peace Corp graduate, an athletic type about his physical conditioning under Verducci and he said, "Verducci ran us through a lot of the stuff himself, and he ran us youngsters into the ground, showed no mercy. After Verducci's conditioning program, I'll be glad to be trekking through African jungles."

Congratulations to former Westmoor-S.F. State baseball great Terry Christman on his recent engagement announcement. Hampered by a sore arm this past season, Terry didn't do much for various Met farm clubs, but he obviously did a wonderful job of pitching woo.

Only two athletes in the history of the NPL have ever made it at Annapolis — Jeff's Bill McColl and Terra Nova's Jim Boyette. Floyd Gonella, TN vice-principal, played football with McColl at Jeff and coached Boyette.

So if you can't swim, don't go near Gonella.

SSF Takes Number 11

By GARRY NIVER

South San Francisco High School's all-conquering Warriors open their North Peninsula League schedule Friday against Westmoor after winning their eleventh straight game last weekend, this one a 20-13 win over San Mateo.

It was a hard-earned victory for the Warriors, who have not lost a game in two years, and a heartbreaking loss for the Bearcats, who had led, 13-7, at the intermission.

But there was just a little too much Greg Jones and Joe Smith present on the field.

The fabulous Jones, the most heralded back in Warrior grid history, put on a dazzling display as he sped 278-yards in 29 carries for a 9.6 average.

His yardage was only 12 less than the entire Warrior rushing total of 290.

Smith, theretofore almost unacknowledged on the Warrior team, twice broke the impetus of the Bearcat drives in the last period with interceptions.

His skillful steal on the four-yard line with less than 30 seconds left in the game stifled the potential tying touchdown and allowed SSF to run out the clock for the victory.

The slender lad also performed well on offense, snagging four passes for 59 yards.

South San Francisco scored the first time they got their hands on the ball, traversing 63 yards in six plays with Moro bucking in from the three-yard line with 7:09 left in the first period. Vince Olson converted to make it 7-0.

However, coach Rolfe Williams' crew, fired up for the occasion, had the word upset instilled in it from then on.

Taking over on their own 11-yard line, the Bearcats, led by the off-tackle slants of Rich Yoshida and Tom Icimaru, marched 89 yards to paydirt in 15 plays. Little Bearcat quarterback Ricky Takahashi provided the honors by plunging into the striped zone from one-yard out.

The conversion snap was over kicker Larry Page's head and SSF still led, 7-6.

The San Mateo rooting section was sent into jubilant ecstasy when, with just eight seconds left in the half, Moro was hit on an attempted pass play and fumbled the ball. Alert Bearcat defender Alex Tsitovich scooped up the tumbling pigskin and rambled 33 yards unscathed for the score. This time Page made the PAT and the Bearcats left the field with a 13-7 lead.

The second half turned out to be a different story as Jones and company ground out 215 yards on the turf and another 39 through the air.

San Mateo's tenacious defense, led by tackle Taft Donahue, smothered the first SSF drive, but could not contain Jones on the second one. Taking over on its own 29-yard stripe, South SF, with Jones making one 52-yard run and passing 12 yards for a first down on another play, moved into the end zone with 43 seconds left. Moro pushed two yards through defenders for the score, tying the game at 13-13.

The winning touchdown came with 5:18 left in the game with Jones sliding off tackle from two yards out. Olson converted giving the eventual winners a 20-13 advantage.

Soquel Nips Rams, 14-12

By RICH THILL

Deep in the throes of one of their worst seasons in years, Westmoor High School's Rams, edged by Soquel of Santa Cruz last weekend, 14-12, journey to South San Francisco Friday to open their North Peninsula League season with the title-favored Warriors.

The loss dropped the Ram pre-league record to 1-3-0, with the lone victory coming in the season's opener against Aragon of San Mateo.

Saturday at Cabrillo Junior College in Aptos the Rams led for three quarters but fell to a Knight 14-point burst in the final period to absorb the defeat.

Outplayed, "outstatisticked," and outfought, the home 11 garnered the win on the strength of an 83 yard screen pass with two minutes left in the contest.

Operating out of a punt formation on fourth down and ten, the Knights' quarterback, Scott Hamm, tossed a screen to Chris Kozell who sped the distance to the touchdown that won the affair.

Westmoor took the lead in the first period on a drive when Corky Phelps snared a 27-yard scoring pass from Grady Proctor. The try for the PAT failed.

The Daly City club tallied again in the second frame when Johnny Heick smashed over from the four. At that juncture, missing the all-important PAT again, the Rams took a 12-0 lead with them into the dressing room at the half.

In the final analysis the winning points were scored by Wayne Morgan of the SC crew.

S.S.F. Warriors Try for Two

By JOHN HORGAN

With all the tact and diplomacy of a CIA-inspired Saigon coup, the South San Francisco High School Warriors begin the defense of their North Peninsula League football crown this weekend as league play opens on all fronts.

As was the case in 1964, NPL competition for the SSF eleven figures to be minimal at best.

After 11 straight victories over a two-year span, the Warriors are the top-heavy favorites to win the NPL title again for the second time in a row.

Having disposed of some good competition during the practice campaign, the South S.F. crew must rate as one of the toughest teams in the Bay Area.

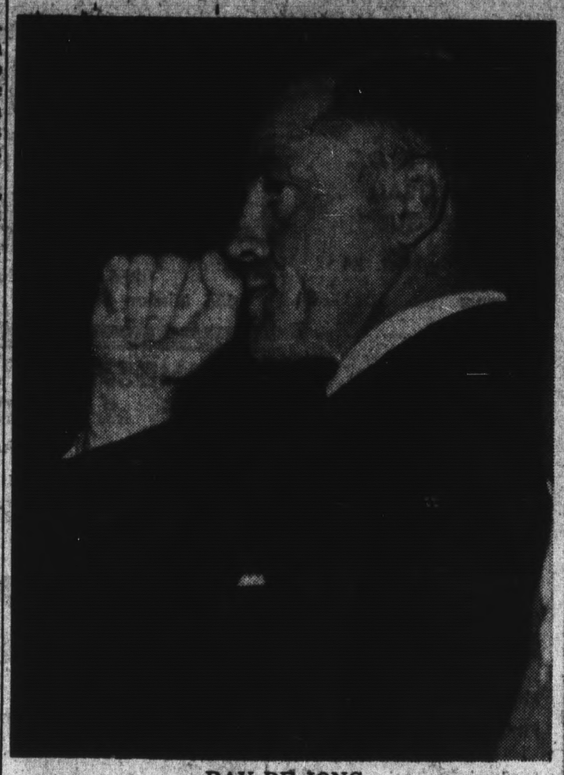
To favor anyone else for the NPL diadem would be heresy.

Ray DeJong's club, which did not allow a single point to be scored against them last year in league play, will be out to duplicate a fete that Westmoor High School pulled off in 1962 and 1963 when the Rams won two NPL crowns back-to-back.

The feeling around the league is that the Warriors will have little trouble in doing just that.

The backfield talent on the Industrial City eleven is so deep that even sickness and injury to their All - American halfback Greg Jones have not hampered their showing to date.

Tom Olme, John Dougharty, Steve Kingsbury, Mike Mompers, San Gregory, Bob Martinelli and Steve Marchand are all top flight running backs in their own right. Combined with the talent of Jones, this group of runners is downright devastating.



RAY DE JONG

As if that flock of runners was not enough, the SSF boys can also bank on the work of the best quarterback in the NPL in John Moro.

The finest ball-handler in the area, Moro can throw the ball when the occasion demands it, but chances are that in the NPL he won't need to fire too much.

In the line, while a bit heavier than in 1964, South San Francisco is in good shape.

Noel Simmons, Joe Smith, Tom Johnson, Jim Panigada, Gene Golding, Willie Jowers, Pete Ruggeri and Lou Ver-Brugge all have experience, size, and speed. They form the best corps of trenchmen in the NPL by far.

The defense has given up an abnormal number of points thus far in the campaign, but the offense is so much improved that the point spreads have been about the same as they were last year.

Now about the rest of the circuit.

Probably the biggest disappointment thus far in the loop has proven to be Westmoor, the first team to struggle with SSF this Friday.

A big, physical team, the Rams have simply not jelled as their coaches expected them to.

Dave Dotur, Ron Heick, Tom Olson, Jerry Verducci, and Carl Fleischauer are competent running backs and team well with first - year quarterbacg Grady Proctor.

But the usual tonnage in the massive Ram lines has not aided the backs to the fullest in their first four games.

John Lanthier, Alec Mattson, John Glebow and Rich Laherty along with the rest of the Ram linemen have as yet proven that they can halt the other team. Defense is a problem—a pressing problem to be sure—for the Rams.

As has proven to be the case for so many years, Jefferson will be trouble but not a title threat.

The Indians have some fine individual performers but just haven't the team depth needed to challenge South San Francisco.

Fullback Al Namanny might be the second best running back in the NPL.

Ends Bob Untalan and Willie Redmond are two of the best flangers in the circuit.

Joe McGrath's team has tied twice with St. Elizabeth's and Ravenswood, but they were beaten badly by Riordan in their last game.

Jeff's finish in the NPL race is up for conjecture.

El Camino, which has fallen on lean times in the last two years after playing great ball in 1963, is having problems.

Whether they can rebound now remains to be seen.

Both Pacifica schools will have their problems in NPL play this year.

Oceana Wins First Game Of the Year

Having finally broken their scoring drought, Oceana High School's Sharks take on arch-rival Terra Nova Friday at the TV gridiron after beating Half Moon Bay, 26-6, last week for their initial win of the season.

Oceana spotted the Cougars the first six points of the game, tied it up near the end of the first quarter and then went on to score 20 more points.

"Our offense finally came to life," said the jubilant Jones. "Our total of 363 yards on the ground has to be one of the finest performances ever turned in by an Oceana team," he added.

The Shark mentor had special praise for halfback Floyd McElroy, whom he described as "one of the best all-around backs in the North Peninsula League."

The hosts got on the scoreboard first when Clarence Sloan sped 57 yards for a touchdown, culminating a six-play drive.

RULES AND REGULATIONS

1. Select the winner of each game by placing an "X" in the box on the margin side of the team you think will win. If you predict the game will end in a tie, place an "X" only in the column headed "Ties" between the two teams. If the game ends in a tie, credit will only be given to contestants who predict the tie.

2. Write the total net yards (rushing and passing) that you think the S. F. 49'ers will make in Sunday's game in the box provided. (This estimate will only be used in case of ties between two contestants.)

3. Clip and mail the entry blank to:
FOOTBALL CONTEST
The Post
30 Park Plaza Dr.
Daly City, Calif.

4. Entries must be postmarked prior to midnight Thursday of this week or delivered to The Times prior to midnight Thursday of this week. The Times is not responsible for entries lost, delayed or destroyed or which fail to reach The Times by 9:00 A.M. on Saturday.

5. To receive the cash prize the winner must pick all 15 games correctly. If the entry does not pick all games right, then the winner will receive 2 tickets to the Big Game, California vs. Stanford, on November 20. The previous week's contest cash prize will be added to the next week's contest if it is not distributed to a winner. This cash prize will be given to the winner of the final week's contest if it has not been distributed before. The final week's winner will not need to guess all 15 games to win the cash prize. In case ties cannot be broken between contestants by means of the tie-breaker, the prize will be divided equally. (This includes ties between contestants who pick 15 winners.)

6. A bonus of $50 will be given to each cash prize winner (not Big Game ticket winners) who is a home-delivered subscriber to The San Mateo Times or indicates immediate delivery of The Times is wanted. To qualify for this bonus, either of the boxes at the bottom of the entry blank must be checked. In the event two or more subscribers divide the contest cash prize, the bonus prize will be divided in the same manner.

7. Number of entries from one household is limited to fifteen (15) on official entry blanks but only one (1) exact sized facsimile of the official entry blank may be submitted. Submission of more than one facsimile in any one week will render all facsimiles submitted by that contestant void.

By LOUANNE HEATH

FASHION SHOW fever sweeps most of us this time of the year as we prepare our wardrobes for the holidays and begin thinking ahead to those lovely days, which come so early in May, when we can again dress for spring and new cottons and play clothes will again be the order of the day.

Fashions are being presented by a number of the local department and specialty shops now and the commercial establishments are most eager to help clubs and organizations of all types with fundraising events which will introduce the ladies if the area to the styles that we'll be wearing in the months ahead.

It's great fun for all of us to attend many of the fashion shows, help one of the worthy charities, and enjoy a delightful luncheon with friends. The calendar of events clearly indicates that many local organizations have already began the annual period of preoccupation with style.

This past weekend, amidst tables set with wild flowers in fall hues and burnished leaves, the members and friends of the Alpha Iota San Francisco Alumni chapter of the Honorary Business Sorority viewed the latest fabrics and modes for winter and spring at a show which was staged as a benefit for the school for speech handicapped children.

Mrs. Barbara Wolowic was the chairman of the show which was somewhat unique in local annals in that it combined the fashions and luncheon with an additional fund raiser, a holiday bazaar.

☆ ☆ ☆

WHILE ONE group is in the midst of recouping the energies of its membership after one such show, another group is well into plans for its fashion parade next month.

As Mrs. Marie Poggio and Mrs. Mary O'Niel, members of the North Peninsula chapter for the Florence Crittenton Home, work with the unwed mothers in the San Francisco home, teaching them to make the ribbon chrysanthemums which were the surprise hit of the Fall Fantasy staged in the Elks Club this past year, members of this year's fashion show committee are hard at work on Fall Fantasy—1965.

According to **Mrs. Jean Markovitch**, publicity chairman for the circle, **Mrs. Peg Crandall and Mrs. Lee Stringer** will co-chairmen this year's program scheduled for November 18.

A change of scene is in the offing and members will be gathering at the Thunderbolt Inn to view fashions in furs from Munudri and gowns from Mademoiselle of Stonestown.

Assisting **Mrs. Crandall and Mrs. Stringer** will be **Mrs. Ann Eason and Mrs. Carla Kay**, chairmen of hostesses, investment chairmen, **Mrs. Ophie Welsh and Mrs. Doris Plant**; reservations, **Mrs. Kay Glebow and Mrs. Mildred Ingalls**; models, **Mrs. Jane Doelger**; publicity, **Mrs. Jean Markovich**; decorations, **Mrs. Shirley Amato and Mrs. Dallas O'Neil**; door prizes, **Mrs. Poggio and Mrs. Frances Shaw**; program, **Mrs. Pat Feldman and Mrs. Vi Murphy**; program favors, **Mrs. Gail Mahoney and Mrs. Tish Ceccoui and correspondence, Mrs. Jean Jabin.**

Tickets, costing $4.50 each, may be reserved by calling the reservations chairmen at PL 6-0408 or PL 5-4084.

☆ ☆ ☆

WORKING ON a fashion show can overwhelm some people and many a woman, once involved promises faithfully, "NEVER AGAIN," but not **Mrs. Charles Boerio.**

Mrs. Boerio, chairman of the Mary's Help Hospital Auxiliary Fashion show last year, has volunteered to be one of the models this year!

☆ ☆ ☆

FASHION SHOW plans were a major concern at last evening's meeting of the Pacifica Federated Women's Club meeting at Terra Nova High School.

Mrs. George Silverman, co-ordinator of this year's fashion show, discussed the preliminary plans during an evening meeting which featured a talk by **John Barrus**, a member of the staff of the North County Mental Health Center.

Members also heard a report by **Mrs. Arnold Grumm** on a tea given by the Millbrae Women's Club which she and **Mrs. Eva Morton** attended as the representatives of the local unit.

Mrs. Joseph Yohanan has been appointed the chairman of the Sew and Show fashion show committee by the president of the Holy Angels Women's Guild.

The announcement of **Mrs. Yohanan's** appointment and the appointment of **Mrs. George Sigigie**, chairman, and **Mrs. H. J. Norman**, co-chairmen of the guild's rummage sale, was made during the regular meeting held October 6, according to **Mrs. Marty Sugrue**, publicity chairman.

Members of the Holy Angels parish who haven't as yet made reservations for this weekend's big party at the Village in San Francisco are urged to do so immediately for time is running out, fast!

The dinner-dance this Saturday is being jointly sponsored by the Men's Club and the Women's Guild. Reservations may be made by calling **Mrs. Josephine Stokes**, PL 6-9393.

☆ ☆ ☆

THE PARENTS and others interested in the Pacifica Youth Baseball League, (formerly the Babe Ruth League) will hold the annual End of the Season dinner-dance this weekend in the American Legion Hall in the Rockaway Beach district.

According to **Mrs. Virgil Morton**, the auxiliary is inviting the public to attend the gathering and help support the baseball program.

A donation of $2 per couple will secure your reservations. For more information call auxiliary President **Mrs. Kay Bisio, 359-2871.**

The auxiliary will also open the fall schedule of teen dances on October 30 in the Pedro Valley School when it will sponsor a dance featuring music by the Chessmen.

Mrs. Morton reports that plans call for monthly dances to be held on the fourth Sturdays. Mrs. Bisio has additional information for those interested.

☆ ☆ ☆

JOBS DAUGHTER Bethel 348 will hold a slumber party this Sturday for all the girls of the Bethel.

Reservations, costing $1.25, are available to members contacting **Marshall Leslie Windhorst.**

Mrs. Margaret Van Vick is the lady responsible for the lovely art exhibit currently on display at the First Western Bank in the Skyline Shopping Center.

The exhibit, the largest indoor show to be presented in that area, features 38 canvases.

LDS Is Next On Worship Series Tour

The event is open to the public at a small charge and free to members of the organization.

For further information, interested parties may call PL 6-7370.

Invitations in the form of gold crowns in keeping with the year's theme "Crown Every Moment" were handed to honorees at a rush party at the home of Mrs. Bruce Williams of San Bruno.

Guests who will be entertained at the model meeting are Mmes. Norman Aaro, James Cornett, John Cozad, Dominic Cola, Ralph Faver, Robert Lynch, Leslie Robinson, Clifford Deranleau, Mrs. Sharon Mosezar and Miss Mary Jo Hunt.

Sugar... 'n' Spice

By NELL NORTON

WHEN I find a new recipe that uses ground meat, I'm always eager to try it, for I know you good cooks are as happy as I am to find a new dish that calls for this type of meat, which helps stretch the budget so much.

CREOLE BEEF WITH NOODLES

1 pound ground meat
1 tablespoon oil
1 small onion, diced
2 cups water
1 can of tomato sauce
salt and pepper to taste
1 cup coooked diced carrots
1 cup cooked sliced zucchini
1 package noodles

Brown the meat in oil, add the onion and cook until it is transparent, next add water and can of tomato sauce. Season to taste with salt and pepper and simmer for 20 minutes. While the meat mixture is simmering, cook carrots and the zucchini. When the vegetables are done, drain, add to the sauce and simmer for 20 minutes more.

Prepare the noodles, according to directions on package. Drain and arrange in a ring on a large platter. Place meat and vegetables in center of ring.

Serve with tossed green salad and French bread.

☆ ☆ ☆

NEEDLESS TO say, I couldn't allow a dinner to end without some kind of dessert—and in this case there are two different desserts for you to choose from. The first uses apples which are so abundant at this time of the year, and tops them with an unusual crust. This crust is similar to apple crunch, but my famliy thougnt it was even better than that old favorite.

ENGLISH APPLE PIE

7 or 8 apples
1 cup sugar
1 teaspoon cinnamon
⅛ teaspoon nutmeg
½ cup water
1 cup flour
1 cube butter
1 cup brown sugar
Peel and slice apples into a deep dish.

Place 1 cup of sugar in the bottom of a deep baking dish and mix in spices. Then pour over all ½ cup of water. Make a dough of 1 cup brown sugar, 1 cup flour, 1 cube butter.Make into biscuts large enough for 1 person—lay biscuits over apples, they will overlap, forming an almost solid crust. Bake in 400-degree oven for 15 minutes, then turn oven to 350-degrees and bake approximately 45 minutes or until apples are tender. Top with whipped cream or ice cream if desired.

☆ ☆ ☆

MY SECOND dessert is most delicious, plus that it makes such a generous dessert that it will accommodate a large family—and its method of preparation is unusual. In fact, it was the cooking method that first attracted me to this recipe.

1 cup brown sugar
2 cups water
1 tablespoon butter
Combine brown sugar, water and butter in a 10 inch square pan. Place pan over heat, and bring to a boil.
1 cup brown sugar
1 tablespoon butter
1-3 cup milk
1 cup flour
2 teaspoons baking powder
1 teaspoon cinnamon
½ teaspoon salt
½ cup chopped nuts
½ cup raisins

Combine all ingredients (the dough will be quite stiff) and drop by spoonfuls into boiling syrup. Then place in 350-degree oven until batter is cooked, about 30 minutes. Serve with whipped cream or ice cream.

Marines Will Get Earlier Promotions

An increase in strength of the U.S. Marine Corps is pushing the promotion schedules ahead of time.

The result may well be a break for younger Marines, especially those who are set for promotion in the lower ranks.

That's the picture announced this week by the Corps Headquarters, according to Gunnery Sergeant James Thomas of the Daly City Marine Corps Recruiting Office.

General Military Subjects tests requirements for sergeants and corporals bucking for the next higher rank have been waived and the minimum time in grade requirement has been lowered.

The youth fellowship of the Seacliff Community Church of Daly City will sponsor a paper drive this Saturday for the benefit of the Negro congregation in the Watts District of Los Angeles. Tied bundles can be brought to the church at 50 Northridge Drive or a pick-up can be arranged.

Mildred Gurtner of 56 Upland Drive, Daly City, reported to police last week that she had found a lady's diamond ring pinned to her door.

Medical Lab Workers Meet

The San Francisco Chapter of the California Association of Medical Laboratory Technologists will hold its next meeting on Thursday, October 28 at Irwin Memorial Blood Bank, Masonic and Turk at 8 p.m.

Miss Mary Pyle will speak on her experiences as state president of CAMLT.

Ligia Delessio of 694 Clarinada Avenue in Daly City reported to police Friday night that her home had been swatched in bathroom tissue.

CSM Gains Support for Control Drive

School boards throughout the state are lining up with San Mateo Junior College District trustees in their drive to preserve local control of public education in California.

Letters of support have been received by Eleanore D. Nettle, president of the college trustees, from six boards in recent days — ranging from Orange Coast Junior College District at Costa Mesa in the south to Shasta College in the north.

Announcement of the growing backing was made last week at the trustees' regular meeting at College of San Mateo.

The local board, long an opponent of increased state takeover of control, launched its new campaign last month by submitting two proposed resolutions to the powerful California School Boards Associaiton for adoption at the association's annual conference at San Francisco in December.

One of the resolutions is aimed at putting CSBA on record against any legislative plan to create a state board for junior colleges; the other is a general statement of opposition to further state encroachment on local school autonomy.

Joe Cohen Makes Many Changes at Bay Meadows

THE BENJAMIN FRANKLIN HOTEL has long been a favorite residing place for the race set—which means many familiar out-of-town notables will, no doubt, register here for the Bay Meadows meet which runs October 25 through December 20. The present Tanforan meet concludes Saturday, October 23. JOSEPH COHEN, president and general manager of the CALIFORNIA JOCKEY CLUB, has many surprises for the guests, this year. Major improvements have converted BAY MEADOWS RACE TRACK into one of exceptional attractiveness, comfort, and convenience; restaurant service in the Turf Club, Club House, and Grandstand. Make up a party and enjoy "A day at the races." For reservations phone 345-1661. . . . THE GOURMET TABLE has proved a hit with countless diners who enjoy top quality food at moderate prices. Suggestion: Plan to arrive early. Service from 4 p.m. to 9 p.m., seven days a week.

SUGAR CANDY, one of the Topless stars in the Moulin Rouge revue, starred at the famous Crazy Horse in Paris before coming to the U. S. This is her initial San Francisco appearance . . . Rocca's restaurant coowner, Lou Rocca Jr., has discovered one important factor, and that is to give the public good food in an atmosphere of friendliness. You'll find the lunches and dinners bring out the warmth in one, for they are prepared for the inner man. Rocca's is recommended by Holiday Magazine . . . A party of 17 visitors from New York, here for a five-day visit, dined every one of those nights at Phil Lehr's Steakery. Their comment: "Nothing like this in New York!" . . . Ladies enjoy the Chi Chi's "Topless Plus" show starring blonde Sheri Ashton, as much as the men! Audiences are mostly couples.

IF YOU THINK THE GANG AT LEW LEHR'S isn't golf crazy, dig the reply when a chap asked head fizztician STAN MARCUS where the men's room was: "A nine-iron shot straight ahead, then a dogleg to the left!" . . . There's always news at FINOCCHIO'S in San Francisco. In fact, it's one of the newsiest night clubs in the Bay Area. This is not alone due to the fact that celebrities flock here when in town, but is a result of colorful parties of tourists from foreign countries in all parts of the world. Recently, Japan, France, Ceylon, and Australia were represented by large tourist parties on the same night . . . The HOTEL CLAREMONT'S Terrace Cocktail Lounge Room not only has a magnificent view of the Bay Area and bridges, but it's booming these eves with Friday-Saturday dancing to WILBERT BARANCO'S jazz combo.

JOHN GRAZIANO, co-owner of the elegant BRENTWOOD LODGE, along with VICTOR SCAFANI, is a jack of all trades. No matter if it's keeping the cocktail lounge fire ablaze or lending the chef a hand, John is available and capable . . . . If GUIDO BIANCHINA looks a little thinner, these days, you can blame the Wednesday baseball game. The J & G co-owner sweats out every pitch. When "MUDCAT" GRANT hit the home run, wow! . . . . The English atmosphere at the INTERNATIONAL INN restaurant makes one feel they're dining in London. General Manager PHILIP RAUSCHER'S genial greetings to his patrons completes the charming picture . . . . RON GIANNOTTI must have a crystal ball in the office of his SURF HOUSE restaurant, as of this Wednesday writing. He called the World Series to perfection. . . . JAMES DOBSON, one of Lake Tahoe's prominent land owners, taking time out from his boating activities to enjoy a dinner at the popular BERTOLUCCI'S restaurant. "One of the best Italian dinners I ever had!" was James' satisfied comment. . . .

Polynesian Revue Caravan Inn Feature

Entertainment is a big extra of the Holiday Weekend at the Caravan Inn in Mountain View. Tavake's Polynesian Revue features beautiful dancers Princess Tiare and Salami. Other attractions of the fun vacation are de luxe room, dinners Friday and Saturday, breakfast, luncheon and Sunday bruncheon. Swim and sun, too, on the spacious patio. Price is $21 each.

When in the San Francisco North Beach area, don't miss a chance to stop in the exciting Big Al's nitery. Featured acts are Tara, Robert Taylor (not the movie star), Troy Dodds, and Big Al's Gunmolls.

Lanai's New Tapa Room For Banquets

Party chairmen will be mighty popular with their groups when selecting the Lanai's newly-completed Tapa Room for their special holiday parties and countless other functions.

Accommodations for up to 175 persons. Backdrop this with an Island atmosphere, exotic food, and tropical drinks, and your party is a Polynesian success.

Hear that Enrico Romano, busy Pacifica pizza baron, bought a whole new kind of insurance policy. He pays on it for 20 years and his insurance agent retires.

A windowside table at the Charm Garden in Belmont is as romantic as a picnic in Summer. Excellent Chinese cuisine served under the personal supervision of the Loo family.

No matter what part of the globe you visit, when San Francisco's Fisherman's Wharf is mentioned, you're bound to hear the name of Sil Oliva's Exsition Fish Grotto, one of the Wharf's finest restaurants.

Peter Rangaves Stars At Nick's Turtle

Peter Rangaves, well-known Bay Area musical talent, is the current attraction at Nick Gust's popular Turtle restaurant and nitery in Pacifica. Peter presents music for dancing and dining Friday and Saturday evenings. Not open Monday or Tuesday.

Nick's, located just across the street from the Turtle, is open seven days a week serving breakfast, lunch and dinner seven days a week. The 3 Beats, along with Mary Ann Hay, and Organist Don Kelly top the entertainment bill at Nick's.

Barney O'Malia, "key" man at Stateline's Barney's Casino, back from a successful deer hunt, which means there will be "meat on the table" this week (and I do enjoy venison).

Whether you're an out-of-town or in-town football fan, the Burlingame Hyatt House is the answer to a weekend of fun, comfortable lodgings, elegant dining, cocktails, dancing to Bob Wellman's orchestra.

For an exceptional Italian dinner, visit the Ercoli family's South San Francisco Leaning Tower, long recognized as one of the area's best.

Chef Maurice Brossier, coowner of the La Touraine, Burlingame French restaurant, has culinary imagination when it comes to preparing dishes of his native France.

Raw Spinach Salad Mardikian Special

George Mardikian, host-owner of Omar Khayyam's restaurant in San Francisco, created his famous Raw Spinach Salad 33 years ago, from tender leaves of fresh spinach, a dressing of still-secret ingredients, and a topping of grated hard boiled egg.

Dance Floor Added Villa Hotel Lounge

The Villa Hotel is enlarging the cocktail lounge to include a dance floor and stage for top entertainment. Name bands and acts will be booked direct from Las Vegas' most famous floor shows. The Villa has a contest that anyone can enter to name the new enlarged entertainment addition.

Among the noted visitors at a special testimonial dinner party for Chronicle Night Club Columnist Harold "Dutch" Schaefer at Bimbo's 365, last Sunday evening, was Plateau 7 General Manager Jack Waller, and the gourmet restaurant's well-known chef, Herman Schneider.

Luncheon is served daily at the King's Table, except Saturday and Sunday. Dinner is served seven days a week. Relaxing cocktail lounge.

Unfunny Freeway Fiasco in S.F.

SAN FRANCISCO'S two-year exercise in frenzy and futility over the locating of badly needed new freeways, which has finally brought that city close to losing the federal funds for financing the freeways, may appear ludicrous to outside observers but it is not really funny.

It is not comic to the people of San Francisco and it is very unfunny to the rest of the residents of the Bay Area who frequently have occasion to go through that city or visit it for business or pleasure.

San Francisco has a unique beauty, charm and atmosphere among American cities and it is understandable that its residents should want to preserve these qualities. But it is also a city of nearly three-quarters of a million people who must move about its streets in the daily course of living and earning a living. There is inevitable conflict between these two factors in an age when mobility is of prime importance to every man, woman and child. If the conflict cannot be resolved everyone loses and the qualities for which preservation is sought must deteriorate.

MEANWHILE, there is a great deal of futile fussing and the golden opportunities, such as the federal assistance funds, are likely to be lost.

This is no laughing matter and the plight of the people of San Francisco deserves sympathy.

FROM THE view of the rest of the Bay Area, however, San Francisco's seeming inability to solve its freeway problems has become a nuisance that hampers and slows down the through traffic, the industry, the business and the travel of the entire area. For geographical reasons it is difficult for the people of the rest of the Bay Area to bypass San Francisco, but it must be already evident that many of these people stay out of that city except when necessity forces them into its hodge-podge traffic tangles and rapacious parking penalties and costs.

SAN FRANCISCO'S Mayor John Shelley has succeeded in getting a six months' reprieve during which that city can still get federal freeway funds if it can agree upon and provide the necessary routings. For the sake of not only San Francisco, but the entire Bay Area, it is to be hoped that this can be done.

First Baptist Church

SOUTH SAN FRANCISCO'S First Baptist Church at Magnolia and Grand Avenues was founded in 1945 by the present pastor, the Rev. Harry Larson. Members of the congregation first met in a private home. One year later the new building was opened. Attached to the operation of the church is the Roger Williams School. There are approximately 285 members in the congregation.

Better Business

Good Advice: Let A Buyer Beware

Lorene Beasley

THE BETTER Business Bureau receives daily calls from disgruntled customers who believe they should receive their deposit back when they change their minds about going through with a business transaction.

Too many people make a contract in haste and then wake up to the fact that they cannot, or do not want to pay for the commodity.

The payment of a deposit, as shown by a receipt, is considered sufficient evidence that an agreement has been entered into between a person who agreed to buy and a person who agreed to sell.

A percentage of the total amount of sale is the usual requirement of a "layaway" sale. This gives the seller the security that the buyer intends to fulfill the obligations of the transaction. The seller in turn agrees to take the commodity off the market until all terms of the sale are met.

IF THE buyer changes his mind and cannot or will not fulfill his part of the contract, the seller can legally refuse to refund the deposit, unless there is evidence of fraud or misrepresentation.

If the merchant misrepresented the merchandise, or if the merchandise is defective, the buyer is justified in expecting a satisfactory adjustment or refund.

The seller might even attempt to hold the buyer to his agreement as he, the seller, took the commodity off the market in good faith and because of the lapse of time might be forced to sell at a reduced price.

Many buyers assume that because a certain store has a certain refund policy, all stores have or should have the same policy. Every store sets its own policy on returns, refunds, credits and exchanges.

THE COMMON causes of complaints regarding deposits are:

1. VERBAL PROMISES to refund are not enforceable. Any promise or agreement to refund should be in writing on the sales record of contract.
2. DO NOT MAKE a deposit unless you intend to go through with the transaction.
3. READ BEFORE you sign and be sure you understand what will happen to your deposit if your credit is not approved.
4. DEAL WITH A REPUTABLE dealer if you plan to make a deposit or payment to hold goods on layaway. Any layaway plan should provide for the purchase of the specified goods described and listed and set aside for the customer.
5. THE ACCEPTANCE of deposits by mail on advertised goods has been a part of many a bait scheme. If you receive a call or notice that the advertised article you gave a deposit on is out of stock and there will be a delay in delivery unless you are willing to take a more expensive product, you are being "switched" into another contract.
6. DO NOT SIGN a blank contract. When you pay a deposit and sign a contract, be sure that all terms and conditions are filled in completely.
7. YOU CANNOT EXPECT a refund from a company if you purchase from an independent distributor. Sometimes the salesman acts as an independent distributor, not as an agent of the company whose product he sells.

A Theater's 'Bad Advice'

Barbara Bladen

"THERE'S NO BUSINESS like show business" is a time-worn cliche and Sammy Lewis and Danny Dare, producers of Circle Star Theatre might add "but show business is poor business on the Peninsula."

This week, one year after the multi-million dollar, 3,300-seat plush surburban theater opened, one of them admitted they had been given "bad advice" on choosing this location.

"If we had built 30 miles further south," they contend, "we would have a gold mine."

Their biggest disappointment is the lack of support from county organizations and industry. In Southern California where their Melodyland Theatre in Anaheim "can do no wrong," large blocks of seats are bought by City of Hope, B'nai B'rith, Hadassah, Democratic Club, Job's Daughter, Parents Without Partners and many church groups.

Theater in New York would never survive without pre-sold groups. Tourists come and go but the guarantee of advance sales is the meat and potatoes, not the cream that feeds the kitty. The guarantee comes to them from such companies as Hughes Aircraft, Bank of America, Carnation, and Douglas Aircraft, to name a few.

☆ ☆ ☆

ROBERT HULTER, administrative spokesman for the producers, told me recently that big companies in San Mateo County don't have a recreation and welfare department as they do down south.

"When we go into industrial firms here, we can't even find out who to talk to. We've been told, 'We don't care what our employes do on their own time after work.' John Sloan who heads a trained staff in charge of group sales came into this area with a mailing list of 3,800 organizations for each season and has succeeded with a very small percentage of that number. Oh, everyone is interested in having our theater in this area but when it comes to subscribing for the season, it's another matter."

He went on to explain that "The greater percentage of Circle Star Theatre audiences come from outlying counties, namely San Francisco and Santa Clara. San Mateo simply doesn't have the interest in theater the way we were told it does."

There's no doubt that the theater, any theater for that matter, but especially one that works with such a large staff on a year-round basis is financially and culturally beneficial to a community. The taxes, payroll, national attention, restaurant business and advertising reevnue alone should class it as a major factor in the economic picture. What conclusion then have the producers drawn about their slightly soured outlook toward the endeavor?

"We'll try to find a solution in our type of programming. One thing we've learned the hard way and that's that people on the Peninsula don't respond to musicals in the summer-time. Next year we'll book our celebrity acts then and shift emphasis in planning our seasons. We can't eliminate musicals from the diet completely, however."

Then they underline the cold hard facts of show business, "That they have to give a performer such as Belefonte a lion's share of the profits but at least they get people into the theater and come out with a small take of the earnings." Which, of course, is better than paying a star a more modest salary and ending up in the red.

Scholarship Awarded

LESLIE FAMBRINI, center, of 30 Fairway Avenue, Daly City, is the winner of the 1965-66 scholarship given by Marian Council 3773, Knights of Columbus. Robert C. Simon, grand knight of the council who presented Miss Fambrini the scholarship, and the recipient's mother, Mrs. Jeanne Fambrini, flank the winner. The scholarship is the eighth annual award to be made by the council, which represents the Daly City-Colma area. Miss Fambrini will continue her studies at St. Rose Academy in San Francisco.

Weaver Plans New TV Network on Prime Time

Bob Foster

A new television network is coming into existence shortly. Sylvester Weaver, who has been looking for a network since he got the old heave-ho from NBC nearly 10 years ago, is about to start a new one.

In a story out of New York, Weaver revealed he had organized a network of some 15 stations to carry prime time television programs on Sunday nights from 7 to 10 o'clock.

In making the announcement, Weaver said that among the cities to carry the new programs would be an independent station in San Francisco. That could only mean of course that KTVU, Channel 2, Oakland, will be the local outlet.

At first the new network would confine itself to broadcasting just four hours a week. As interest grew in the new organization to be known to viewers as Prime Network, Inc., would expand its programming, but in prime time only.

"We won't use a microwave link," Weaver said, "we'll do all our programming on film or tape, and will have each programmed at the same time on all 15 stations. This will guarantee our sponsors that shows will be aired in the prime times."

Other cities to be carrying the programs will be New York, Los Angeles, Chicago, Detroit, San Francisco, St. Louis, Washington-Baltimore, Seattle, Portland, Indianapolis, Denver, Dallas, Miami, Phoenix, and Minneapolis-St. Paul.

A SHORT TIME AGO, I departed from the world of televison to discuss ever-so-briefly the thoughts that I had on what might be the trouble with the Circle Star and Hyatt Theatres.

Surprisingly enough, I received quite a lot of comment on this column, more, far more, than I expected. Excluding the people of the two theaters who did have some adverse comments, everyone of the comments, be it phone calls, casual conversations, or letters, were in full agreement that the biggest problem was "former stars" in musical productions.

A spokesman for one of the theaters contended that the people here don't want musical shows, but want a "Harrah's Club" type of entertainment. I don't really believe this, but I notice that Harrah's bookers do manage to bring in names that are currently tops in television, motion pictures, recordings and night clubs.

I also notice, despite the fact that Lake Tahoe is a five or six-hour drive, that it is darn unusual when you can get a reservation for any show unless you act 48 to 72 hours earlier.

☆ ☆ ☆

ONE OF THE spokesmen of one of the theaters commented that the Peninsula is not a place of culture. Presuming that he understands culture as we do, I don't know what that has to do with attending the theater.

The theater can be cultural, but it doesn't necessarily stand that culture is the theatre. Peninsula motion pictures which cater to the culture-seeking fans do quite well. Try and get into the Guild, Fine Arts or the Bel-Art Theatre when any one of them has a fine foreign film on the bill. If you make it, you've had to stand in line.

A few years ago at Stanford University some 5,000 people jammed a theater to hear a string quartet, and try and get a seat for the San Francisco Symphony concerts at Los Altos. You say, that's Santa Clara County. Sure it is, but most of the patrons are from San Mateo County.

I certainly hope that the management of both theaters won't go along with the premise that Peninsula residents do not like the theater. That really isn't the problem. They do love the theater and the finer things in life, but perhaps they are more demanding.

☆ ☆ ☆

Attempting to understand what goes on in the collective minds of the boys on Madison Avenue who have the life and death control of television shows in their hands, is impossible. After 15 years of covering television I have learned never to be surprised by what happens in the inner sanctum areas of the networks.

The new television season is just four weeks old, hardly time to know if any show is going to dominate the ratings, yet the networks are already starting to announce changes and cancellations.

"Slattery's People," which was cancelled last winter and then replaced on the schedule, seems to have definitely been cancelled out of the network schedules and will be turned over to syndication. It could happen, as it often does, that an independent station will buy "Slattery's People" and come up with a top rating.

I really think that "Slattery's People" would have done better had it been placed in a different spot. This year Slattery was up against the hottest show on television, "The Man From U.N.C.L.E." It is rather obvious that the people at CBS knew even before the season started that the show didn't have a chance.

And I have a feeling this was true, for while in Hollywood last summer I overheard one of the top people at CBS say that Ari Linkletter's "Talent Scouts" would be returning this fall, "probably in the 10 o'clock Friday night spot."

At the time it didn't mean much, until I realized that this was the "Slattery" spot.

☆ ☆ ☆

I'VE SEEN THIS happen before. A show will be scheduled in a given spot, but nobody around the network has any faith in the show and almost before the ink is dry on the contract the network is busily engaged in finding a substitute show to fill the spot.

Three years ago I was on the set of a new hour-long series which to everybody who had seen it seemed to be a real world beater. I turned to the publicity man from the studio and commented that I thought, from what I'd seen, the show might be a hit. "So do we," he replied, "but the network has already got a substitute show lined up for the same time spot."

Sure enough, before Christmas the network announced that the show was cancelled, and the very show mentioned to me by the studio publicist was the one that replaced it.

Peale Lashes Out At U.S. Culture

Samuel Chandler

(Author Samuel Chandler is the Daly City Librarian)

PERHAPS the most meaningful statement in Norman Vincent Peale's new book is a summation of American culture by a South American patron of the arts, "A house built on sand will not stand neither will a civlization built on dirt."

We have had warnings enough — from statesmen, sociologists, educators, church leaders, historians, medical doctors, but we have not listened. We have before us Toynbee's evidences that our lack of morality resembles that which led nineteen out of the twenty-one great nations to perish from decay.

☆ ☆ ☆

NOR HAVE we listened to J. D. Salinger's lonely voice in fiction warning that our preoccupation with tearing down excellence is harmful to our society. Instead we have to ask that his books be banished because his people are shallow and vulgar, never realizing that he is holding up a mirror to our society.

We have called Stevenson and Churchill great statesmen. Yet we have not listened to their fears for our cherished freedoms. We have at our fingertips hundreds of analyses of our culture, although some of them have become best sellers, we have not listened.

Perhaps "Man, Morals and Maturity" is the book that will make us listen. It is written by a man who has had some success in reaching the man in the street and the woman in the kitchen with old-fashioned time proven moral principles.

☆ ☆ ☆

DR. PEALE supports his case with plenty of statistics. "Every year in this country workers steal two billion dollars in cash or merchandise from their employers."

"Between the years 1940 and 1962, illegitimate births increased from 40,500 to 94,000 in the 15 to 19 age group; 27,200 to 77,300 in the 20 to 24 age group; 10,500 to 34,000 in the 25 to 29 age group; 5,200 to 10,800 in the 30 to 34 age group; 3,000 to 11,000 in the 35 to 39 age group."

In seeking an explanation for the trend towards immorality in America, Dr. Peale finds four primary influences at work. Commercialization of sex; disappearance of deterrants; treason of the intellectuals, and surrender of the clergy.

☆ ☆ ☆

TO ME this solution seems too simple. Yet it is without question the starting place. "If you really want to raise the moral standards of the world," he writes, "what do you do? Simply begin with yourself." Then follow some suggestions which add up to a great Christian principle, control yourself. Some of his suggestions are:

Take inventory to find if your moral standards are higher or lower than they once were; apply a yardstick (the Ten Commandments, the Golden Rule, Kants guide to Morals for example) try thought control; speak out; be yourself.

Lest I have given the wrong impression "Man, Morals, and Maturity" is not filled with pessimism. Dr. Peale believes we are reaching towards an enlightened future in which mature people will learn how to use their God-given and constitutional freedoms to make a better world.

"As the old restraints drop away," he writes, "confusion, uncertainty, even elements of anarchy creep in." These are symptoms of a moral revolution that will end with a glorious future if man is strong enough to control himself and assume his responsibilities.

The estimated 10,000 frantic customers came from everywhere and nearly broke down the doors. The Sale gave us a 350% increase over last year's Sidewalk Sale. CSM Parking Woes Force Construction

College of San Mateo, overflowing with staff and student cars despite having set aside room for more than 4,200, will add 60 more parking places on the campus.

The board of trustees last night authorized calling for bids on the $9,000 project, first step in a move to solve the overall parking problem.

Addition of the 60 spaces will be accomplished during this college year; subsequent proposed improvements will be aimed at next year, when enrollment is expected to go well over the campus' designed capacity of 8,000 students.

Present campus congestion has forced some persons at the college to park along rseidential Parrott Drive, west of the campus.

It is hoped, said President Julio L. Bortolazzo, that the 60 new spaces — to be located north of the technical center — will "minimize that problem."

MAN ROBBED

A San Francisco man was robbed by two young men in the stable area of Thornton Beach in Daly City last weekend according to police Ralph W. Wrench reported losing his wallet to the thieves.

Air Force to Readmit New Record Quota

The United States Air Force, which has taken back only a trickle of "prior service" men in recent years, has opened the gates to a record 13,702 for Fiscal Year 1966.

The big quota is included in a new change to Air Force regulations, and applies not only to the voluntary return of airmen from the reserves, but also to the enlistment of (1) airmen with more than a 93 day break in service and (2) men from other services regardless of a break in service.

In past years, the Air Force has limited prior service enlistment and recall to no more than two or three thousand men.

Quotas were carefully figured to prevent bringing back men in the higher grades where their return could restrict promotion opportunities.

Those brought in were generally in skills critically short of personnel.

The new quotas presumably follow the same principle but new requirements of the Viet Nam buildup have apparently opened many new areas where the higher ranking enlistees can be used.

D.C. Graduate To Train Now

Marine Private Robert Langsam, son of Mr. and Mrs. Fred Langsam at 289 Belhaven Avenue in Daly City, has begun eight weeks of recruit training at the Marine Corps Recruit Depot, San Diego, California.

Prior to his enlistment at the Daly City Marine Corps recruiting Substation, Private Langsam attended Westmoor High School. He enlisted in the Marine Corps' two-year program.

Assessor Will Speak Tonight

Ralph Woodman, San Mateo County assessor will be the guest speaker at tonight's meeting of the Daly City-Colma Democrats.

Mr. Woodman will give a short talk on the new assessments and following will answer questions from the floor.

The general public is invited to attend at 8 p.m. at the Garden Village School multi-purpose room.

WINDOW BROKEN

Community TV Hearing Set Oct. 28

County supervisors heard a lot more talk last week about community television systems but apparently got no nearer to a solution of the many problems that have cropped up.

Members of the board, acknowledging that there are good points on both sides of the argument, scheduled a further hearing for 2 p.m. October 28.

At the heart of the controversy is the question of whether cable TV franchises should or should not be exclusive. It had been the board's policy to grant non-exclusive franchises and to allow the operators to establish their own territories through competition.

But when franchise applications kept coming in, many of which were overlapping and two of which were for the entire county, the supervisors wondered if there would be fewer problems if franchises were exclusive.

Video Engineering Company asked the board for an exclusive franchise for the La Honda area. The firm's letter stated that it would want to be sure its investment would be protoected before doing the costly work of building a community antenna and stringing lines to the homes of subscribers.

Charles Stewart, representing John J. Smith, who holds a franchise to serve the Central Coast area, challenged the application by Henry Doelger builder for a franchise covering much of the same area.

Doelger wants the permit now so that he can put the TV cable underground along with other utilities during construction of the Granada Estates community.

Stewart declared that even if Doelger were granted a non-exclusive franchise, it would be de facto exclusive and a monopoly because Smith or any other operator could not install his system until after the streets in the subdivision were dedicated for public use.

County Manager E. R. Stallings pointed out that, because there will be no utility poles on which to string TV cables, it would mean that ditches would have to be dug in the newly finished streets.

Stewart, however, declared that Smith should be granted an exclusive franchise and that Doelger should be required to allow Smith to install his system underground during the period of construction.

Paul Hupf, attorney for Doelger and another applicant, Pacifica Cable Television Company, asserted that Smith holds an effective monopoly in his franchise area outside the Doelger development, Smith, he pointed out, has been granted permission to use existing utility poles in the area. The utility companies grant only one such permit in each area.

County Manager Stallings said today that still another problem has arisen. Lou Spadia, general manager of the Forty-niners, has asked for a meeting to discuss the cable TV situation. Spadia is worried, Stallings said, because the cable TV systems will pick up Channel 12 in Chico, where the local games are not blacked out.

Ryan Speaks To Industry

Assemblyman Leo J. Ryan of South San Fancisco, representing the 27th Assembly District, will be guest speaker at the North Peninsula Section meeting of the Peninsula Manufacturers' Association Wednesday, to be held at the Holiday Inn, South San Francisco. Assemblyman Ryan will bring members and guests of PMA a 1965 Legislative Report with emphasis on revenue and taxation.

Ryan is well known to most area industrialists. Prior to his election to the Assembly in 1962, Ryan served as a councilman and mayor of South San Francisco. During his first term in the Assembly, he served on the municipal and county government committee among others. During this term Ryan is serving on the Assembly Rules Committee, the Elections and Reapportionment Committee, the Revenue and Taxation Committee, and on the Joint Legislative Audit Committee.

SSF Library Displays Art

A collection of unusual interest is being exhibited at the South San Francisco Library.

The artist, Ruby Holden, using an almost lost Japanese art of hand-powdered paint and reindeer glue, offers the patrons of the library an artistic diversion from the usual.

Television's T. Mikami, the Japanese brush art instructor, was Mrs. Holden's first teacher seven years ago. In four years of exhibiting, Mrs. Holden has won three awards. Since this time, she has studied under many other art instructors, and has been an assistant instructor herself.

'GoldenGator' Names Pair To Posts

David Swanston, editor of the San Francisco State College morning "Daily Golden Gater," has announced the appointment of two students from San Mateo County to positions on the student newspaper for the 1965-66 academic year.

New assistant city editor for the Gater is Paul J. Scanlon, 1962 graduate of Burlingame High.

Appointed Gater office manager was Virginia Lee Maches, 1963 graduate of Westmoor High in Daly City.

Miss Maches, 19, is the daughter of Mr. and Mrs. William A. Maches, 262 St. Catherine Drive, Daly City.

A student at the University of California, Berkeley, for the past two years, this fall she transferred to San Francisco Sttae where she is a sophomore majoring in history.

She was also active in publications while at Westmoor High School.

Elderly Man Hit By Car

An elderly man was struck down by a hit-run car last week as he crossed South San Francisco's Grand Avenue at Mission Road, and a younger man was arrested later as the possible driver.

Vincent Re, 72, 289 Oakcrest Avenue, was admitted to County General Hospital with a fractured hip, possible fractured wrist, lacerations of the face, and bruises.

Police said Re was crossing Grand Avenue at about 7 p.m., when a car which had been southbound on Mission Road turned onto Grand and struck the elderly pedestrian.

Witnesses described the car, and officers later arrested William T. Ames, 30, 214 Holly Avenue, on a charge of being drunk in and about an automobile.

William McKean of 735 Crocker Avenue, Daly City, reported to police last week that plaster had been removed from his vacant house.

"DENTAL HEALTH FACTS"

Many people do not know that a person can lose all of his teeth—even though they are not decayed.

Gum disease can cause loss of all teeth, by leading to destruction of the bony sockets and the periodontal membranes that teeth need for support.

Gum disease is often the result of neglect that allows accumulation of tartar on teeth; if not removed, these accumulations start the processes that result in disease.

Regular checkups give the dentist an opportunity to guard against gum disease by cleaning and scaling the teeth. Even if the gum disease has started, your dentist, if given a chance, is usually able to prevent serious trouble.

Dr. Campbell tries to limit his practice to the making of dental plates, partial plates, removable bridges and extractions for same; however, he recommends that you see your dentist at least twice a year in order to help prolong the use of your natural teeth as even the beautiful modern dentures are not as efficient as healthy, natural teeth.

'The Adding Machine' Is Set for CSM Staging

"The Adding Machine," a 40-year-old play that takes some prophetically humorous digs at today's computerized American society, will be staged this weekend at College of San Mateo.

Written by Elmer Rice, considered the dean of U.S. playwrights, the expressionistic fantasy concerns the life and death of a bookkeeper named "Mr. Zero."

Its theme contains a forewarning of the era of the "super - hyper - adding machine" and the dangers man poses for himself when he creates man - made "brains."

Performances are scheduled for 8:15 p.m. on October 22 and 23, and 2 p.m. on October 24 — all in the little theater at the fine arts center.

All seats are reserved.

Tickets go on sale Monday (Oct. 11) at the campus box office, open 11 a.m. to 1 p.m. Monday through Friday and also 5 to 7 p.m. on Tuesday and Thursday.

Pacifica Jaycees in Support of Viet War

The Pacifica Jaycees have voted to endorse a stay tough policy in Viet Nam by a 12-1 ratio.

James Skidmore Jr., president of the U. S. Jaycees, reported to President Johnson that the young men's civic group endorsed this policy throughout the United States by a recently completed referendum vote of the Jaycee's 5,700 chapters in 50 states.

The 33-year-old Jaycee leader told President Johnson the Jaycees took this stand because they realize that "to achieve victory over Communist aggression, force as well as diplomatic resources are often necessary."

The referendum vote carried on the national level by a 12-1 ratio also.

The significance of this policy by the U. S. Jaycee's was recently brought out in a memorandum from Skidmore to all local Jaycee presidents.

In this memo, Skidmore urged all local Jaycees to counter the leftist demonstrations planned across the country.

Skidmore indicated that the Viet Nam Day Committee of Berkeley, Calif., plans to stage on campuses and in key cities widespread acts of civil disobedience in opposition to U. S. Viet Nam policy.

The protests early this year at the University of California Berkeley campus and the faculty-student teach-ins that followed on many of the nation's campuses were "mild activities compared to the ones being planned," Skidmore said.

The national Jaycee leader indicated that during the past summer, a small cadre of "able articulate leftists" were taken to two training centers and taught techniques of non-violent action to be employed to discredit American involvement in Viet Nam.

Skidmore said such demonstrations damage U. S. troop morale in Viet Nam.

The planned October demonstrations "are not secret," Skidmore said in his memo. Campuses and local governments are preparing, he said, and urged Jaycees to co-operate with them.

Beach Deal Questioned By County

Before they consider relaxing restrictions on El Granada Beach, members of the County Parks and Recreation Commission said last week, they want to know just exactly what the city of Half Moon Bay has in mind for the property.

The city has asked the county to withdraw a deed restriction which prohibits any development on the beach except for public recreation.

Mayor E. A. Holgerson told the commissioners yesterday that the city would like to have the restriction removed so that it could explore the possibility of private recreational development. The commission put the matter over until its November meeting and asked its staff to determine in the meantime precisely what the plans are for commercial recreation.

Four letters in opposition to the city's request and two in favor were read at the meeting. Mrs. Marcella Jacobson of the Council for Governmental Responsibility told the commission:

"This property must be used only for the benefit of the public and not for the benefit of private entrepreneurs."

Santa Claus is coming to town early this year for Daly City-Colma residents.

They will soon be presenting themselves with a $633,000 gift, A. J. Zirpoli announced last week.

The vice president and manager of Bank of America's Westlake Branch reported that the money accumulated in the bank's Christmas Club accounts will be distributed beginning November 15, in time for the holiday shopping season.

Mateo Youths Race Autos, One Injured

A 17-year-old San Mateo youth, who admitted to police that he was engaged in racing his car, was injured Sunday evening when the vehicle crashed into a parked auto on Second Avenue just east of B Street.

The driver, Robert Katz, 1836 Maxine Avenue, was treated at Mills Memorial Hospital for injuries to the right ankle and transferred to Kaiser Hospital.

Policeman Ken Brooks said the youth related he was engaged in racing a friend shortly before 6:30 p.m. and attempted to turn from B Street onto Second when his car hit the parked vehicle.

Timothy J. DeMetris, 6, of 128 Burbank Avenue, suffered bruises and abrasions at 5:45 p.m. when he rode his bicycle from between two parked cars onto El Camino Real and into the side of a passing car driven by Barbara Shaffer, 19, of 7 Rockwood Drive, police report. The youngster was taken to his family doctor for treatment.

'Alarming' For Boy, 5

Five-year-old Steven Kordes got tired of waiting in the car Sunday while his mother was visiting a patient at County General Hospital.

There was an attractive red box on a pole in front of the main entrance to the hospital. Steven, who lives with his family at 6 Devonshire Avenue, San Carlos, got out of the car and went to the box. The box was quite high for him to reach, but with a hefty jump, Steven managed to grab the white handle on the box and give it a good pull.

And quite soon, all those fire engines were driving right up to where Steven stood.

Steven was so surprised and frightened, Deputy Fire Chief Cocconi said, that he would admit nothing to firemen. A little while later, however, his mother took him to the fire station and firemen showed him all of the trucks and equipment.

After Steven had relaxed a little, firemen shined an ultra-violet light on his hand and his fingers were quite purple from the powder which had been dusted onto the handle of the fire alarm box.

Cocconi said that Steven had pulled the alarm in "total innocence" and was "quite terrified" at the result.

Scouts Plan Paper Drive

Boy Scouts of Troop 1, San Mateo Park, will conduct a paper drive Saturday, from 9:30 a.m. until noon. All park residents are asked to save newspapers and put tied bundles of them at their curbs before 9:30 a.m. the day of the collection. No magazines can be picked up. A second paper drive will take place on Saturday, December 18, during the same hours as the first one.

The annual light bulb sale by Troop 1 Scouts will be on Saturday, November 6. Funds from all three events will be used to purchase additional camping equipment for the troop and to help finance a trip to the snow.

Another Fire On Mountain

Colma firemen and state foresters joined forces yesterday afternoon to fight a grass fire that blackened 76 acres on San Bruno Mountain. The fire started in Colma and spread into unincorporated territory.

Firemen said they did not know how the fire got started.

Underwater Line Coming To South San Francisco

There's a slow boat traveling from Oakland to South San Francisco. It's moving about a quarter of a mile a day laying the first oil pipe line to cross the Bay.

The 11-mile line is part of an 85-mile products distribution network being constructed in the Bay Area by the Shell Oil Company. The project will cost about $6.25 million and will be completed about January 1, according to Carl D. Faires, project manager for Shell's West Coast pipe line department.

The pipe line, which starts at the company's Martinez Refinery, will carry two grades of gasoline, turbine fuel for jet aircraft and diesel fuel. It will cross four counties — Contra Costa, Alameda, Santa Clara and San Mateo — as it reaches out to Shell's Oakland bulk plant, two new truck distribution terminals in San Jose and South San Francisco, and the San Francisco airport.

Healy-Tibbets Construction Company of San Francisco is laying the pipe beneath the Bay from a point near the Oakland International Airport to South San Francisco.

The transbay line, which is 10 inches in diameter, can carry 125,000 gallons of product per hour. The pipe is coated with a heavy asphalt coating and a one-inch outer layer of concrete to protect it from corrosion.

The line is being placed in a four-foot trench on the Bay floor, except across the main ship channels. There, the trench will run up to 12-feet deep.

The line is being strung together in 150-foot sections on a lay barge. Joints are welded, then X-rayed for flaws. When the weld passes the X-ray, the weld is coated with asphalt coating and concrete.

Each section of pipe is tested under water pressure before being transferred to the barge. Upon completion, the entire line will be given a 24-hour hydrostatic test before it goes into operation.

The entire pipe line is two-thirds completed, the Shell spokesman reported. The new terminals will be completed by December 1, 1965.

The barge is expected to reach South San Francisco by November 30.

Burlingame Cyclist Hurt

A young Burlingame motorcyclist was seriously injured Saturday when his machine collided with a compact car at an intersection. A small boy in the car was also hurt.

Mark Twohy, 16, son of Mr. and Mrs. Robert Twohy, 221 Bayswater Road, was admitted to Peninsula Hospital's intensive care unit with a concussion and multiple bodily injuries. He was reoprted in satisfactory condition today.

Police said young Twohy's light imported motorcycle, tavelling eastward on Bayswater, collided with a light imported car being driven southward on Clarendon Road by Jill Harris, 901 Burlingame Avenue.

Herbert E. Harris Jr., 3, same address, was taken to Peninsula Hospital, but released after treatment for abrasions and contusions of the head.

Hell's Angel Blamed for Bike Injury

A 9-year-old Woodside boy told sheriff's deputies he was injured Saturday when he was knocked off of his bicycle by a Hell's Angels motorcyclist.

The victim, Christopher Keck, of 460 Mountain Home Road, told deputies he was riding his bike near his home when he heard the roar of a group of motorcycles. As they passed, he noticed the Hell's Angels insignia on one jacket.

One of the motorcycles, operated by a long-haired man wearing an Australian army hat, came so close to him, the boy said, that he was knocked into a ditch.

A motorist stopped and picked the boy up and took him to his home, where he was treated for a cut on his chin and a sore neck.

A group of the Hell's Angeles, who have been staying in the La Honda area, went to Berkeley Saturday to participate in the Viet Nam Day demonstrations.

Pet Hospital Loses Cash

An estimated $496.85 in cash was reported taken from the Sequoia Animal Hospital, 1411 El Camino Real, Redwood City, in a burglary Friday night or Saturday morning, according to police.

The job "appeared to be neat and orderly," police said, with $252 taken from a cardboard bucket in the examination room, $234.75 from a desk drawer and $10 from a cabinet.

Officer Philip Freese said entry possibly was through an unlocked rear door.

Wrench Leads Officers to Boy Burglars

A crescent wrench on the floor of Mills High School pointed to the arrest of three 15-year-old Millbrae boys on charges of shoplifting and burglarizing construction jobs.

The lads admitted having raided Pringle Construction Companys' apartment project at 3150 Trousdale, three times within the past two weeks.

They admitted having entered a tool shack belonging to Case Foundation Company, at the same location, twice.

They admitted shoplifting a .22 pistol, some shells, and several tools, from the Coast to Coast store at 1863 El Camino Real.

One of them even said his father knew about the tools his son had brought home, and had promised to say nothing about them. The father, a divorcee, is being investigated as a possibly unfit parent.

The revelations started Friday when a Burlingame school official discovered the wrench outside one boy's locker while investigating a disturbance complaint.

Two of the boys said they had been "roughing around," and the boys' dean became curious. Inside the locker, he found other tools, and called police.

The boys led Burlingame and Millbrae officers to their homes, where they had hidden the tools, microphones, television controls, and a pair of padlocks.

GIANTS pitcher Bob Shaw and his wife look over a new Dodge at Westlake Dodge at 7073 Mission Street in Daly City while Don Middleton, right, owner of the auto dealership, looks on. Shaw was invited to sign autographs in the dealer's showrooms while shoppers looked over the 1966 Dodge line.

Dr. West Honored

By Louanne Heath

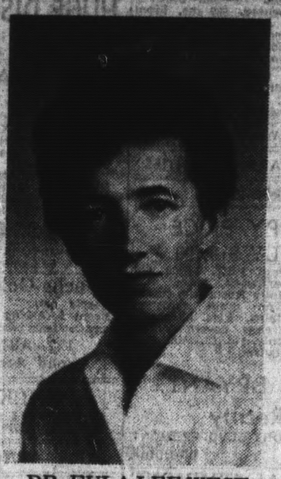
DR. EULA LEE WEST, of 655 Lake Merced Boulevard, Daly City, is a dynamic, young educator whose soft, Kentucky accent conceals a tremendous drive that has led her to an unusual honor.

Together with former Daly City resident Mrs. Morris Gilliom, she has been listed among 6,000 women whose biographies are contained in the 1965 edition of "The Outstanding Young Women of America."

The annual edition is produced under the direction of a board of advisory editors that includes Mrs. Lyndon B. Johnson as honorary chairman.

The board is headed by Mrs. Dexter Otis Arnold, honorary president of the General Federation of Women's Clubs.

Mrs. Gilliom and her husband left this area during the summer to take up residence in Illinois. While living in Daly City, Mrs. Gilliom, like Dr. West, was a member of the San Francisco



DR. EULA LEE WEST
Named 'Outstanding'

State College physical education department.

DR. WEST credits her selection to the annual edition to the San Francisco YWCA, which submitted her name to the advisory board. However, the list of her activities and accomplishments clearly indicate that had not the YWCA made the appointment, any number of other groups might well have selected her as "outstanding."

A graduate of the University of Kentucky, she traveled to New York University to obtain her master's degree in 1952 before beginning her career as a teacher in public schools in Seattle.

In 1957, she came to San Francisco and taught for a year in the physical education department of Horace Mann Junior High School.

During this period she received notification that she had received a scholarship to return to New York University to study for her doctorate, she taught briefly at Ohio State University and in 1961 assumed her duties at San Francisco State College.

IN ADDITION TO teaching, she has been concerned with the supervision of student teachers.

Workshop for Clergy Set

The second of a series of workshops to assist clergymen in pastoral counseling is set for today under the sponsorship of the Mental Health Association of San Mateo County, in co-operation with the Mental Health Services Division of the Department of Public Health and Welfare.

Under the general theme of "The Family," Rev. Arthur Foster, dean, Berkeley Baptist Divinity School, will head the discussion of "The Pastoral Identity—Self Expectations and Expectations of Parishioners."

A graduate of McMaster University of Canada, Reverend Foster received his Ph.D. at the University of Chicago.

He has published extensively on the subjects of psychology in religion and pastoral counseling.
